

## Compact Business Grade Portable Two-Way Radio

### Key Features -:

- **Simple** controls and voice annunciation make operation intuitive.
- **High** capacity (1800 mAh) Li-ION rechargeable battery pack - provides over 24 hours use between charges.
- **Loud** (750mW) and clear audio ensures reliable communication.
- **Tough** and durable to survive everyday use - thanks to a polycarbonate casing and aluminum chassis.
- **Pre-programmed** with 16 user-selectable channels.
- **Available** to suit license-free PMR446 or professional radio users.
- **Desktop** intelligent fast charger - recharges the battery in just 4 hours.
- **Built-in** VOX function, with adjustable sensitivity, for hands-free use
- **Sleek** and slim, ergonomic design - very comfortable to carry and use.
- **Weatherproof** construction and sealed casing protects the radio from dust and rain (IP55).
- **Motorola** compatible, two-pin accessory jack for the widest choice of audio accessories.
- **Two** configurable dual-function side buttons to activate a range of additional features or customize operation.
- **Extensive** range of additional accessories - including headsets, microphones, carry cases, car chargers, programming kits and more - to enhance operation and suit your own operating requirements.

### About the OpusT2

This simple-to-use, highly-affordable, two-way radio is the perfect communication tool for organisations of almost any type. Coupling the convenience of a compact, rugged and functional design with the features and high performance of a quality licensed business radio, the Opus T2 has been designed to meet the needs of a very wide group of users and deliver a superior price/performance ratio.

### Why choose the Opus T2?

The Opus T2 should be the first choice for any radio user or organisation seeking a reliable, high quality, simple to use, business grade radio for LICENSED OR LICENSE FREE

### Simple & Reliable

The Opus T2 is simplicity itself to operate thanks to its ergonomic design, loud and clear audio and impressive communication range.

The robust, high quality sealed casing keeps it operating in a wide range of tough workplace environments.

When your users, workplace or application have specialist requirements, the Opus T2 is supported by a wide range of quality accessories.

### License-free PMR446

Two versions of the Opus T2 are available. For shorter range, license-free use, where privacy is less important or compatibility with existing PMR446 radios is required choose the Opus T2-446 version.

### High Performance

When license-free radios can't deliver the range you need, or if channels are becoming congested with other users, choose the Opus T2-PRO.

This higher power model gives greater communication range and allows a wider range of programming options, making it ideal for use in professional radio applications.

As standard the Opus T2-PRO is preset for use with an Ofcom 'Simple UK license' - a great value, off-the-shelf radio license!
